### Preamble

In this agreement, the carrier undertakes to transport goods by road by means of vehicles by order of the client and against remuneration.

This transport can occur either by ordinary transport (where transportation is done with own vehicles), or by so-called traction transport, where the carrier performs the transport with its own towing equipment and trailers/chassis of the client. The parties point out that so-called traction transport indeed pertains to an independent and authorized activity in accordance with art. 2.1 of regulation 1071/2009 and 2.1 of regulation 1072/2009.

If the carrier does not send the documents within 7 days after sending the registered letter, the client can terminate the agreement immediately and without compensation.

In addition to the above obligation, the client reserves the right to request the documents described above at any time. If the carrier does not send the documents within 7 days after such request, the client can terminate the agreement immediately and without compensation.

XV.      APPLICABLE LAW AND COMPETENT COURT

This agreement is subject to Belgian Law and all disputes between the parties relating to this agreement can be settled by the Courts of the judicial district where the registered office of the client is located, without prejudice to the international jurisdiction of the Courts mentioned in the CMR Convention.
